RAGHAV MATTAD

Multifaceted Full stack Developer

+91-972-797-4642 • raghav.code.business@gmail.com • https://www.linkedin.com/in/raghav-m-647180328 • Gujarat , India

Summary

Versatile fullstack developer with 3 years of experience in building robust, scalable web applications. Proficient in diverse technologies spanning frontend (React), backend (Node.js and Golang), database (MongoDB, PostgreSQL, Bigtable, Redis), and DevOps (Docker, AWS, GCP). Demonstrated expertise in crafting responsive user interfaces, designing RESTful APIs, and implementing CI/CD pipelines. Adept at quickly adapting to new technologies and methodologies to meet evolving project requirements. Seeking to leverage comprehensive technical skills and innovative problem-solving abilities to contribute to cutting-edge development projects.

PROFESSIONAL EXPERIENCE

ProtocolZone Private Limited
Ahmedabad, Gujarat, India
Full stack Developer
10/2023 - Present

- Actively participated in 5+ diverse projects, expanding technical knowledge and developing a versatile skill set across different domains like horse race betting and insights generation
- Designed and implemented a dynamic feature for generating and exporting PDF reports with complex calculations, enhancing data presentation capabilities.
- Collaborated on the development of an intuitive dashboard interface, showcasing statistics and analytics for intricate betting data, while considering multiple UI-impacting factors.
- Lead a backend extensive project, including DevOps responsibilities, gaining valuable experience in end-to-end application development and deployment.

Bitontree Solutions
Ahmedabad, Gujarat, India
Full stack Developer
08/2022 - 09/2023

- Contributed to 5 full-stack projects, gaining hands-on experience with various technologies and developing a well-rounded skill set.
- Assisted in the development of the company's new website, incorporating Prismic CMS to enhance content management capabilities.
- Developed an interactive 3D visualisation tool using Three.js, similar to the Kajaria Tile Visualiser.
